FIRE ACADEMY

IFSI serves as the State Fire Academy. The seven-week Basic Firefighter / NFPA Firefighter I Academy gives new firefighters the practical and cognitive training needed to operate safely and effectively on the fireground. The IFSI Fire Academy focuses on an intense hands-on approach to firefighting, which promotes both skill competency and an understanding of the fireground.

BASIC OPERATIONS FIREFIGHTER / NFPA FIREFIGHTER I BLENDED

The Basic Operations Firefighter / NFPA Firefighter I Blended course gives firefighters the practical and cognitive training needed to operate safely on the fireground. The 18-week course is delivered through a unique and flexible schedule format featuring 9 practical weekend sessions and online learning. Students complete the coursework through an instructor supported online classroom. Practical weekend sessions are offered simultaneously across the state, eliminating a need for students to travel long distances to complete the training. Upon successful completion of all course requirements, students will also meet Illinois OSFM, Pro Board, and IFSAC NFPA Firefighter I requirements for certification.

Training for the Basic Operations Firefighter/NFPA Firefighter I Blended program is funded by the Office of the State Fire Marshal (OSFM) through an appropriation of agency funds. OSFM granted these funds for the purpose of supporting basic firefighter certification.

#WEAREIFSI

IFSI is a family of over 550 field instructors and support staff professionals.

Each passionate about supporting our mission and serving the men and women of the fire service.

We take great pride in what we do. WE ARE IFSI.

#WEAREIFS **#ILFIRESERVICEINSTITUTE**

OUR MISSION: HELPING FIREFIGHTERS DO THEIR WORK THROUGH TRAINING, EDUCATION, INFORMATION, AND RESEARCH.

The Illinois Fire Service Institute (IFSI) is the statutory State Fire Academy for Illinois. It serves as the oldest continuous fire training institution in the United States. Since 1925, first responders from across the state and world have relied on IFSI to deliver hands-on, innovative, and top quality training, education, and research.

Located in Champaign, the main IFSI campus offers a 28-acre training ground with class-A live fire props and training equipment. Courses are delivered on campus, at state regional training centers, and local fire departments across the United States and internationally.
