

Program of Instruction

Course Syllabus

Course Title: Fire Extinguishers

Course Duration: 2 hours

Program: Firefighting/Industrial

Course Prerequisites: None

Course Description: This course is designed to prepare employees to properly and safely use portable fire extinguishers in the event of a fire in the incipient phase. The course offers classroom and hands on training.

Course Policies:

Safety Policy: Students shall understand and follow all instructions pertaining to operational safety, as stated by instructors or as written in course materials. Instructors and students shall be mindful of safety at all times. Conduct judged to be unsafe shall be grounds for dismissal from the course.

Academic Integrity Policy: IFSI has the responsibility for maintaining academic integrity so as to protect the quality of the education provided through its courses, and to protect those who depend upon our integrity. It is the responsibility of the student to refrain from infractions of academic integrity, from conduct that may lead to suspicion of such infractions, and from conduct that aids others in such infractions. Any violation of the code of conduct is grounds for immediate dismissal from the course.

American Disabilities Act: As guaranteed in the Vocational Rehabilitation Act and in the American Disabilities Act, if any student needs special accommodations they are to notify their instructor and provide documentation as soon as possible so arrangements can be made to provide for the student's needs.

Course Content:

Module: 1

Title: Extinguishers

Terminal Learning Objectives:

At the conclusion of this course, the student will be able to explain and select the proper extinguisher for different classes of fire.

Drill 1: Extinguish an Incipient Fire

Respond to an emergency scene, extinguish an incipient fire using the correct fire extinguisher, and exit the hazardous area safely.
